New Business:

Meeting Adjournment:

Facebook Training presented by Perfectly Knotty – Suzi

If you have a Facebook for your business because you've heard you need it, but you don't know what to DO with it, you will not want to miss this DABA meeting. Bring your lap top with you so that you can actually learn and do some basic tasks. Suzi Quillen from Perfectly Knotty is going to take about 15 minutes to show us some Facebook for Business BASICS. This is going to be really basic, and if there is interest she will come back and share more another time.
