

DABA Donation Request Form

As a Business Association DABA endeavors to provide financial assistance to many worthy causes as possible. However, funds are limited, and the Board must be selective to ensure the greatest impact is done within these constraints. We have established this application to create a consistent process for reviewing and approving such requests.

As a reminder, DABA will only process individual donations for current years. We cannot commit to future donations and will need an updated request form for each request.

Please answer the following questions, as well as submit a copy of your annual operating budget to DABA, who will discuss as a Board at the next available Board Meeting. Thank You!

<p>1. Please submit your organizations name, and contact information below:</p>
<p>2. What is the dollar amount of your request?</p>
<p>3. When is this funding needed by?</p>
<p>4. Please briefly describe the nature of your request. What are the funds needed for?</p>
<p>5. What percentage of our financial support goes directly to the cause described? (As opposed to admin costs, etc.)</p>

6. If DABA does not help with funding, what would the impact be to your organization or event?
7. Please feel free to add any additional information you feel would be helpful to the board below:
